THE ELOIST MINISTRY HEALING SERVICE

A LOVING SERVICE FREE TO ALL HUMANITY

CONDUCTED BY WALTER DE VOE

BROOKLINE 47, MASS.

THE FATHER'S WORK

"By their fruits ye shall know them."—Jesus.

Jesus spoke the word and healed the Centurian's servant at a distance. He said: "The works I do ye shall do and greater works."

He commanded us to "Heal the sick."

The following letters come from those who have asked us to pray for them. We do not publish names, so that those benefited can write freely of their benefits without fear of publicity. A student writes:

"I must write a few lines this morning and give thanks and send blessings to you all. It is wonderful what you have done already for my husband, considering that he doesn't believe in the Truth at all. The chronic condition that has existed in his whole system for years is much better, and he is getting fleshier and has a better color. He has even quit gambling and has gone to work.

From the very bottom of my heart, I send you wonderful blessings for the future work which is indeed great.

Your sister in Truth and Knowledge."

SHE TRIED THE GREAT PHYSICIAN

I am taking this opportunity of expressing my gratification and great joy—to say nothing of the healing—both spiritually and physically—which I have enjoyed through the reading and application of your "Healing Currents."

I wrote you earlier in the summer regarding my depressed state of mind, coupled with a physical ailment, three surgeons having recommended an operation, which so affected my mental state that I was on the verge of a collapse. So many of my friends told me to "go to northern Michigan" to undergo the operation; but thanks to the intervention of a dear friend of mine here, and one of your earnest co-workers, I was put in touch with your Ministry; and upon receiving the "Healing Currents" and "The Living Word," which little booklet I look forward to most eagerly each month, I have experienced such tranquility of mind and complete restoration of physical health that I feel I must, in all gratitude, make it known to you. I did not have to "go to northern Michigan" to find Him, nor to experience that peace of mind and tranquility of soul which I now enjoy, thanks to The Eloist Ministry and to you personally, who are indeed "about the Father's business," and doing so much good in His name.

I trust the circulation of your wonderful book "Healing Currents" may increase a hundred-fold this coming year, for it surely has brought comfort and lasting Peace to me.

This friend has come to realize that, "In God she lives, and moves and has her being," and the Creator in her has been aroused to help her through our love and faith.

We are a joyous Group of Concentrators, all Ministers of the Creator, "about the Father's Business," doing His will on earth as the Angels do it in Heaven.

We have become aware that Christ and His Angels are working with us, and that the Father gives His Angels charge over those who do His will on earth.

GRATITUDE FOR A YEAR'S BLESSINGS

With only a few hours left to this good year 1919, I retrace in my memory the last twelve months and breathe thanks to our Father for His mercy and grace which leave me richer by far in body and spirit than I believed way back in January 1919, that I ever could be.

I linger over April as my lucky month, for it was then that I began my treatments with you. I enjoyed then the benefits of your goodness, which you so generously offer to all. May I add that when I inventory my gains in body and soul, I credit and bless you more than anyone else for the joy which it is now possible for me to enjoy. I am healthier, stronger and happier than I have been for many years. That means so much to me.

I realize of course that it is God's mercy and good-will which radiates through you as a medium to me and others, but without your graciousness to serve as that medium, my joy and the joy of these others would, I am sure, be less complete.

Will you please accept in writing my warm thanks and appreciation,

THE FATHER KNEW HIS NEEDS

Sometime ago I wrote you asking for treatment.

In the letter I told you of some of my troubles, some I did not tell about, but troubles, both told and untold, disappeared very quickly. I had been troubled with insomnia for a long time. In a few days I slept like a baby, and have ever since. A bloody discharge also completely disappeared in a few days and has not troubled me since.

Am sending you a check of ten dollars as a small recognition of the wonderful work both mentally and physically, which you have done for me.

Very often even those who are the means of healing others fail when they pray for themselves. This is because a selfish prayer closes the mind to the expression of Love.

When you pray for another, you let Divine Love express through you. It is Love that heals. Love is eternal Life, and Health and Perfection.

This friend wrote to us and blessed us daily with his love and thus opened

can now sit up in a chair for several hours a day, and occasionally can take a few steps. While my physician, a Neuropath, has treated me faithfully, yet he and I both know that if it had not been for your showing us God's way of helping us, I would not have been able to do this much. How can we help having faith when we see His wonderful works!

How can we help growing stronger when we know we are living in the midst of an ocean of Vitality and that God is our very Life and our Strength? Pray that I may be a true worker for humanity, for I do love my fellow men and desire to help them find the true way to happiness. My heart goes out to you and your workers in the Ministry and I pray God to bless you every moment of your beautiful lives.

Help us to bring the living faith of our Father's Love and Power into every home that we may save the little children from the superstitions of materialistic Materia Medica. There are many Homeopathic Physicians and Osteopaths, and Natural Healers who see the true principles of Health and who help the Creator to heal. But there are so many who practice medicine who think only drastic drugs and material things can heal.

We praise our Father that people are turning from these false superstitions of materialism, from drugs, serums, and destructive operations; turning to more spiritual physicians and beginning to see that the living Creator in their midst, the Life of every form He has created, is the Healer.

Help us to spread the true faith that frees from binding beliefs and superstitions.

Each one who is benefited will show his gratitude to the Creator by becoming a positive Concentrator with us to give the same Blessings of Health and Prosperity to others.

HAY FEVER HEALED

No other author has so emphasized character building. Since daily studying "Healing Currents," I have become convinced that nothing else will completely restore health.

"I am now 45 years old. Have suffered from hay fever, both spring and fall type, since 12 years of age. For three years I have used the vaccine treatment, which kept me comfortable. After getting your book and magazine I decided I would have no more hay fever. I laid all my sins on the alter and for the first time I have been absolutely free from it. It is hard to realize the hay fever season is practically over and I have been immune. I am sure you appreciate my feelings."

Why do we receive so many letters from students who have been healed by the study of "Healing Currents?"

First, because a knowledge of Truth heals, and second, because we bless, constantly, all who are reading "Healing Currents." A person or a group of persons, who have gained a wonderful realization of Truth and its Love, can so personify and radiate the Spirit of their realization that all who lift their thought to the same state of mind, by study with them, will receive the benefit of this personalized realization.

DIRECTIONS

Write us your full name and address, and just a few words of your need.

When you ask help for another person, state whether we should write to that person or not.

Do not expect letters of advice as to how to work your problems. You need Wisdom and Power; not advice. We will begin to Bless you immediately on receipt of your letter, and will acknowledge your letter by sending you such words of Love and Truth as will help you.

Concentrate with us, which means study, pray and bless with us daily, and you will realize the Spirit of Love and Wisdom, which will heal you and inspire your judgment, and make you more efficient and successful in all your ways.

WALTER DeVOE.

expressions, which in some source of your deeper soul nature have, by the Spirit, been already received.

May the year 1920 for you and for those whose happiness is yours bring Blessings of every sweetest nature.

Yours most thankfully.

As the farmer recognizes that all praise is due to the vitality of nature and the warmth of the sun for the harvest, so we say with Jesus, "It is not I, but the Father who doeth the works." The faithful Concentrators of this Ministry sow the seed and cultivate it with Love, and trust and praise the Creator for the fruitage which comes to those who co-operate with His Spirit.

THE CONCENTRATION CARD

I am enclosing my monthly mite with my card of Blessing. This last I keep pinned on my wall so that I see it many times during the day, and so send out my thought in blessings often.

The Concentration Card is a splendid reminder to thousands. We are a mighty Ministry of Silent Servers with Christ, the Captain of our Salvation, and of the Salvation and Freedom of the whole world mind. Do not neglect the unity of thought, that we may fulfil the words of our Leader and become "perfect in one."

ed the door of his heart for the expression of healing Love from the Father. We opened our hearts to bless him, and the union of our love and faith fulfilled conditions for healing.

We have realized in a quarter of a century of Loving Service in healing the sick, that there is a great and practical service of Healing which is only hinted at in the words of the Master. Faith inspired by Love heals. Reciprocity, or the united helpfulness of many minds can do miracles of healing.

Let us practice a loving helpful faith together, and become "perfect in one" as Jesus prayed we should.

—John 17.

"THEY BROUGHT LITTLE CHILDREN TO HIM AND HE HEALED THEM."

Just a few lines about my niece, whom I asked you to treat for scarlet fever. She was very ill for a few days and then suddenly took a turn for the better and rapidly improved, fever and rash leaving in an unusual manner. The physician is mystified, saying it is truly wonderful.

It surely was a wonderful demonstration of what God's Healing Love can do.

I thank you very sincerely for all you have done and I am trying to tell many others of you and your Ministry. I am making progress, and

Kindly hand this sheet to some one who needs this free, Loving Service.

HEALING CURRENTS FROM THE BATTERY OF LIFE

By WALTER DE VOE

A JOY-GIVING REVELATION OF THE GOODNESS OF GOD

This Wonderful Book Has Brought Divine Healing To Thousands

WHAT THIS BOOK REVEALS

HOW TO PRACTICE HEALING

If you are seeking physical health or peace of mind and spirit, this chapter will show you the way. In very simple language it tells you just how to cultivate the faith that heals, just how to use words to control your mind, and direct the healing life in your body.

A REMARKABLE CURE

This chapter contains a letter written by Mrs. Marion Foster Washburn, a leading Club Woman of Indiana, to Bishop Fallows of Chicago, in which she tells how she used words of faith—suggestions—and cured her son John while he slept.

Leading physicians said the boy could not live a year, some diagnosing his trouble as tuberculosis of the brain, and others as tumor of the brain. He was paralyzed on the left side, could only walk a few steps without falling, his left eye rolled in under his nose, with other symptoms too awful to describe.

How his mother exercised her faith in a scientific manner to restore him to health and strength is told in her own words. It opens a new field of influence to mothers, showing how children can be healed and their mental defects corrected while they sleep.

SCIENTIFIC CONFIRMATION OF THE POWER OF MIND

Dr. W. G. Anderson of Yale gives scientific confirmation and proof that thought controls the flow of blood to every part of the body.

Prof. Pawlow shows the effect of thought on the digestion.

Dr. W. B. Cannon of Harvard proves by scientific experiments, the close relation between mental states and bodily functions.

Prof. Elmer Gates gives the scientific proof of the power of mind to create chemical elements either tonic or toxic according to the quality of the thought or feeling.

These men help the faith of those who want scientific proof of the power of mind to cause and cure physical diseases.

A GENERAL HEALING TREATMENT

This is a simple and easily practiced Lesson which enables any one to arouse and invigorate all the functions of the body. Thousands have used this treatment to cure themselves of sluggish and diseased conditions.

There are special chapters which explain how to treat yourself for Nervous Debility, Depression, Swellings, Constipation, Appendicitis, and the Eyes.

It matters not what your physical or mental ailment or weakness, the principles of self-healing given in this book will enable you to open your nature to the Healing Life and Love of God, and as you do this your whole nature will feel the transforming power of life.

The reader will readily see that he does not need to look for a specific treatment for his particular ailment, as the practice of the precepts in the whole book develops the faith and

the love which heals any and all ailments. The special treatments are but illustrations of the method and its application to your ailment, no matter what it is named.

THE GREAT SYMPATHETIC

This Chapter is a rich mine of wisdom for physician as well as student. It shows from a scientific standpoint just how the spirit of man contacts all the physical functions through the medium of the sympathetic nervous system.

A treatment is given for the invigoration of this great nervous system, which has its center in the solar plexus. Herein is the secret of the power of the mind over the body.

MENTAL INFLUENCE AT A DISTANCE

The principle of thought-transference is illustrated. Any one can begin to use the affirmations and prayers given in this book for the healing of friends close by or at a distance, and as he sees results, which are as certain as faith, he will rejoice in his newly discovered power to do good to others and to alleviate suffering.

RICHES UNDREAMED OF

No description can do justice to the treasures of wisdom and practical methods contained in "Healing Currents." It must be studied to be appreciated. Here are but a few of the chapter headings, each one of which leads the mind into a new and beautiful path of study and practice.

You are Power—Positive and Negative Mind—We Grow Like that which We Study—Thought the Supreme Remedy—Thought Force as a Factor in Muscular Development—How to Concentrate—Teach Your Body to Think—Becoming Attuned to the Spirit—Cultivate Your Will—Building the Temple of Faith—The Word of Power—The Healing Power of Jesus Jehovah—Mind Masters Matter—The Globe of Glory—How to Realize God—A Healing Prayer—A Conception of God—The God-Man.

AFFIRMATIVE PRAYER

Jesus said: "All things whatsoever ye pray and ask for, believe that ye receive them, and ye shall have them."—Mark 11:24.

MY ASPIRATION

I pray to know the charm of mine own transcendent soul, that it may show forth greater power through my personality, and enfold all mankind in the healing power that will soothe the aching hearts of the world.

When the Master spoke, the charm of his soul was the Spirit of his words, and whoever was ready for Truth, felt his spiritual power and followed him gladly.

I pray that through the charm exerted by my own awakened soul I may be able to arouse and awaken the slumbering soul which is the Self of every one. May I realize the power to help each Self to manifest its God-likeness in the flesh, and thus bring an immortal glory to this world.

WALTER DEVOE.

IMMORTALITY

The world is seeking for proofs of personal immortality. It wants proof brought to the physical senses, forgetting that "spiritual things are spiritually discerned." The study of Healing Currents develops the immortal spirit in man and awakens the spiritual faculties, whereby spiritual things are discerned.

It teaches how to commune with the Mind of God which contains all minds beloved and lost to physical sight.

It teaches how to cultivate your own spirit by recognition of the Spirit of God; thereby you become aware that you are an immortal spirit now, and become a source of strength and help to all spirits in or out of the physical body.

None of the recent books purporting to be revelations from the Immortals, contain the practical instruction on this vital subject which you will find in "Healing Currents." It will save you from psychic dangers and pitfalls from which many are suffering as a result of opening psychic doors by the use of the ouiji board or the practice of "automatic writing" without proper spiritual preparation.

Cultivate first the knowledge of the Kingdom of Love and its right thinking, right feeling and right action (righteousness) as this book teaches, and all spiritual gifts will be added without danger.

The old form of supplication leaves one very often in a negative state of mind.

The principle of Affirmative Prayer which Jesus used with so much power has been rediscovered and is taught in Healing Currents.

It is the affirmation of faith in what is now true to the Mind of God. It gives you the positive assurance that you are the business agent of the Almighty, and as you are about the Father's Business you can make requisition upon His universe for all things needful in His service for humanity.

Your realization and expression of Divine Love through your own personality will give you an assurance and commanding influence for Good which belongs to you as a son or daughter of the Almighty.

PROSPERITY

All Christians believe in the Bounty of the Father, but few have cultivated the faith and love which opens the doors of Opulence.

This book reveals the Principle of Prosperity.

BUILDING THE TEMPLE OF FAITH

You have been told to "have faith." You have heard that faith in Divine Goodness can accomplish wonders. Faith can heal the sick, give joy for sorrow, and make the Power of God practical. But you have not been told

how you can cultivate this wonderful quality of mind called Faith.

You want this Faith. You realize it would be of greater benefit to you in a practical way than any of your possessions.

"Healing Currents" has taught thousands how to grow this Faith in God which heals and prospers.

Here is a system of study, which makes religion a practical power in your daily life.

You can grow faith by affirming thoughts of faith. You can affirm a belief until it becomes positive faith.

"Faith is the substance of things hoped for." Use the words in this book daily and you will gain a living, joyous faith, which will exalt your spirit into communion with the Divine Spirit.

Affirm these life-giving thoughts with positive assurance, and your faith will grow and give substance to all your hopes and desires.

ABOUT THE AUTHOR

The author of "Healing Currents" was literally transformed physically, mentally, and spiritually by the application of the principle now given to the world in this greatest of all text books on Healing. He weighed 128 pounds when he should have weighed 180. He had been negative and inefficient all his life through mental weakness, having left school in the lower seventh grade because of ill health. He could not concentrate his mind on business affairs or study, and consequently he failed to make good in the business world.

Today he is so radiant with the spiritual vigor which he has realized and personified during a quarter of a century of service to humanity, in healing the sick, that he can make a large audience feel the life and power of God as he thrills them with his mighty message of the Love of the Father, alive in all and through all. His words have been of so great an influence in thousands of lives, that his fame as an apostle of Christ Healing is known from Alaska to Australia.

Those who have a personal blessing from this great Healer have an actual demonstration of the truth he teaches, that the children of men can become so radiant with the Love of God that it will be manifest to all men that they are the Sons and Daughters of God.

His mighty message of Divine Love is bringing Heaven into many lives and will bring it to the whole earth as men and women practice this Divine Doctrine, which is the revival of the actual life and teachings of Christ.

Until last year we sold "Healing Currents" for \$1.65.

But we decided that we could help many thousands more by GIVING this book, free, with a year's subscription to "The Living Word," a monthly magazine devoted to the vital principles that heal the sick and restore souls to life.

Thus we have brought this book within reach of all, so all may receive healing through its study.

Send us one dollar, and we will send you "The Living Word" for one year, and a copy of "Healing Currents" from the Battery of Life, free.
